Fiscal Analysis

Officials from the **Department of Insurance, Financial Institutions and Professional Registration**, the **Department of Elementary and Secondary Education**, the **Department of Social Services** and the **Department of Mental Health** each assume the current proposal would not fiscally impact their respective agencies.

This proposal creates new requirements that speech pathologists will need to follow in order to practice. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
